FOREWORD DIRECTOR OF MAJELIS DIKTILITBANG PP MUHAMMADIYAH

Assalamu 'alaikum Warahmatullaahi Wabarakaatuh.

Syukur Alhamdulillah, we pray to the presence of Allah SWT, who has bestowed all pleasures on us all. Among the pleasures that have been given to us are the blessings of health and the opportunity so that we can take part in the 6th Progressive and Fun Education International Conference (the 6th Profunedu) organized by the Council for Higher Education, Research, and Development Central Board of Muhammadiyah (Majelis Dikti Litbang PP Muhammadiyah) and The Association of Educational Institution of Muhammadiyah Universities (ALPTK-PTM).

The conference explicitly encourages emerging research students and academics with the more established academic community in an informal setting to present and discuss new and current work. Furthermore, in the conditions of the Covid-19 pandemic, discussions with the theme of education at various levels are needed to avoid setbacks in the world of education. Their contributions helped make this conference as extraordinary as ever.

These Proceedings will furnish the scientists of the world with an excellent reference book. I also believe that this will be an impetus to stimulate further study and research in all these areas. Breakthroughs and alternative educational solutions during the COVID-19 pandemic are expected to emerge from the discussions at this conference. However, any delay in preparing this distribution process remains mine, and I ask for your willingness to note any errors in the final product.

We thank all authors and participants for their contributions.

Wassalamu 'alaikum Warahmatullaahi Wabarakaatuh.

Professor Lincoln Arsyad
Director of Council for higher education, research and development of PP Muhammadiyah
(Majelis Diktilitbang)

FOREWORD COMMITTEE CHAIRMAN

Assalamu 'alaikum Warahmatullaahi Wabarakaatuh.

First of all, let us praise and thank the presence of Allah Almighty, for the abundance of grace and the joy of all of us. We are pleased to welcome you to the 6th Progressive and Fun Education International Conference (the 6th Profunedu). It was conducted online and took the theme of *The Role of Educational Researchers in Facing Global Challenge During the Covid-19 Pandemic*. Its primary goal is to bring academic scientists, and researchers together to exchange and share their experiences and research results about most aspects of education, science, and social research during the Covid-19 pandemic and discuss the practical challenges encountered and the solutions adopted.

The 6th Profunedu consists of keynote and parallel sessions, not to mention discussions with eminent speakers covering a wide range of topics in educational research. The conference, which 154 international participants attended, resulted in a similar perception that the role of educational researchers is enormous in creating online learning innovations, strengthening the skills of teachers and students, and creating the right technologies to make the online learning process more effective efficient. This rich program provides all attendees with the opportunities to meet and interact with one another. We hope your experience with the 6th Profunedu is a fruitful and long-lasting one. With your support and participation, the conference will continue its success for a long time.

We would like to thank the Prof. Dr. Zulkardi (Chief in Editor Journal on Mathematics Education (Scopus Q1), Indonesia), Dr. Sarah Prestridge (expert in online learning from Griffith University, Australia), Assoc. Prof. Dr. Gamal Abdul Nasir Zakaria (University of Brunei Darussalam, Brunei Darussalam), and Dr. Anam Sutopo (Universtias Muhammadiyah Surakarta, Indonesia), organization staff, the members of the program committees, and reviewers. They have worked very hard in reviewing papers and making valuable suggestions for the authors to improve their work. We also would like to express our gratitude to the external reviewers for providing extra help in the review process and the authors for contributing their research results to the conference. Special thanks go to Scopus indexed journals and proceedings, namely the Asian Journal of University Education (AJUE) and AIP Conference Proceedings. In addition, several journals in Indonesia also became a channel for the publication of papers in this conference ranging from accredited journals Sinta 5 to accredited Sinta 2.

We wish all attendees of the 6th Profunedu an enjoyable scientific virtual gathering. We look forward to seeing all of you next year at the conference.

Wassalamu 'alaikum Warahmatullaahi Wabarakaatuh.

Professor Harun Joko Prayitno
Chairman of the 6th Profunedu
